INTRODUCTION

The first Intenders Circle was made up of my friends, Mark, Tina, Betsy and me. We had been meeting together on Sunday evenings for about a month when, surprisingly, Mark announced that Tina had a gift; that she was a messenger. I immediately looked over at Tina and asked her what he meant by that. As she humbly explained, she had been a part of a forward thinking group back in the 80's just outside San Diego called Love in Action where people gathered every week to hear her "bring through" a highly evolved ascended master by the name of Lee Ching.

Well, this was news to me. I'd known Mark and Tina for many years, having met them when they lived across the street from my mother in Kailua-Kona, Hawaii. We had even spent many days together at flea markets or selling our various wares by the side of the road (I was in the Bali import biz and they sold adjustable-waist, velcro belted pants), and during all that time Tina never mentioned anything about her "gift." As it happened, we both moved from Kona and had lost track of one another until recently when we ran into each other again on the windward side of the Big Island near Hilo.

So when Tina mentioned Lee Ching, I said that the most exciting thing I'd been doing lately was sitting in the rainforest watching the guava trees grow. If she was willing, I'd like to talk to Lee Ching. The rest, as they say, is history. From my very first meeting with Lee Ching, I knew I was in the presence of the most loving, caring Being I'd ever met. Over the next several years, until I left Hawaii to take these wondrous Intenders teachings out to the world, we held spiritual guidance sessions at the end of our weekly Intenders Circles, and I asked Lee Ching every question I could think of - all of which he answered with such wisdom, grace and accuracy that we never wanted these sessions together to end.

Needless to say, our small circle of 4 grew rapidly, and one particular evening, Lee Ching told us that he was not exclusive to

Tina; that he would "come through" me, as well (now you know where my books come from.) Not only that, but he was also willing to help others in our circle who wanted to become messengers - and shortly after that he helped Betsy bring through Mother Mary, Lois bring through White Buffalo Calf Woman, Alva bring through Madame Pele, etc. By the time I left Hawaii for California, the room was packed every Sunday night with people wanting to take part in our Intenders Circle, as well as to listen to the panel of messengers in our accompanying spiritual guidance sessions.

From our point of view, the information we received during this magical time was profound. It was way ahead of its time. In fact, we were told by our guides that it was being given to us well before the time when humanity would need it most, and when it would have its greatest impact on the peoples of the Earth. Clearly, what with all the changes we are going through almost daily in 2011, that time is now.

The Intenders High Lights come from the transcripts of our early Intenders spiritual guidance sessions as well as from those of us who have done our best to integrate their wisdom into our lives since then. They were given to us in the Spirit of service and helpfulness, which is the same Spirit with which we offer them to you. It is our intention that you use them to help yourself through this time of great transition, to reach your highest calling in life, and to bring forth the experience of Oneness unto all and everyone who abide on this beautiful planet.

*As soon as you see things in a new way,
with a perspective of gratitude
and an opportunity for growth,
you will be rewarded immensely*

*Be open to receiving
at least as much as you are giving
because other people need
to have the experience of being the giver.
If no one is willing to receive,
then how can other people be givers
and have the growth
that comes with learning to give*

*What you're looking for
is what you're looking with*

*Abundance is having enough to spare
and enough to share*

*The time will come, in our very near future,
when one more person envisions a peaceful world
and, with that seemingly tiny action,
the scales are tipped. the storm clouds disappear and
a new world, the world that we deserve
to live in as our right of birth, opens up before us.
It will be like a miracle ,, but it's not really a miracle.
It's only us having changed our thoughts*

*Accept that which comes to you -
even if it is not in the form you expected*

*Everything in your world—
the world at large
as well as your individual world,
including everything you see,
hear, smell, taste, touch, and feel—
is the result of a thought manifestation*

*A circle of people is like a jewel box.
Place your intentions in it*

*The world you live in is splitting apart.
The old selfish ways are collapsing
and at the same time
the new spiritual ways are emerging,
heralding a better life for all*

*A community begins
with a few friends getting together*

*Adversity strengthens us.
Who could we learn more from
than our own brothers and sisters*

*Allow healing to occur,
no matter where it comes from*

*All the things you seek are just waiting
upon you to open the door.
All you need do is ask*

*At this time, in this age we are living in,
there is still a medium of exchange
known as money. This will change,
but, at this time, you can use it and be open to it and
allow it to flow through you.
Do not hold onto it or store it up,
but be a channel for it to flow through you*

*All things are moving toward
that which you are moving toward*

*You are learning that once you intend something,
and it is in your highest and best good,
it will make itself available to you.
If, however, you are still believing in fear or suffering
more than you believe in the highest good,
you will be experiencing more of that*

*Always be moving toward the ideal
instead of looking at things
that get in the way of it*
