Gratitudes

It's been my great honor to be the scribe for Lee Ching for the last decade. He has helped me on countless occasions through my good friend, Tina Stober, and he has blessed me directly with the information in my books, *The Code*, *The Intenders Bridge*, and *The Vision Alignment Project Visions*. My gratitude overflows for the gentle, loving guidance he shared with me, and that I share with you now in these positive, encouraging messages. *The Lee Ching Messages* have helped me see that there is more to life than what we've been led to believe, that peace and fulfillment on all levels are ours for the creating, and that a better world is on its way to everyone who lives and breathes on this amazing planet.

A Helpful Note

This is a bibliomancy book, a tried and true oracle for the twenty-first century. You can open it to any page and it will tell you what you need to know in the moment.

In fact, without further ado, let's test it. Go ahead. Right now. Suspend your disbelief, silently call in the Highest Good, and open this book to any page. The message you get is the message you need.

You'll see...

Introduction

The first Intenders Circle was made up of my friends Mark, Tina and Betsy, and me. We'd been meeting together on Sunday evenings for about a month when, surprisingly, Mark announced that Tina had a gift; she was a messenger. I immediately looked over at Tina and asked her what he meant by that. As she humbly explained, she had been a part of a forward-thinking group back in the '80s just outside San Diego called *Love in Action*, where people gathered every week to hear her "bring through" a highly evolved, ascended master by the name of Lee Ching. For those who are unfamiliar with Lee Ching, he has had many lifetimes on this Earth but is not incarnated here at this time. He's been a Taoist Immortal in China, a commander in chief of armies in Lemuria (the civilization that preceded Atlantis), and is the male archetype of mercy. Like his female counterpart Kuan Yin, the archetype of compassion, Lee Ching has vowed to keep returning to this planet until humanity's suffering is finished forever.

Well, Tina's gift was news to me. I'd known Mark and Tina for many years, having met them when they lived across the street from my mother in Kailua-Kona, Hawaii. We spent many days together at flea markets or selling our various wares by the side of the road (I was in the Bali import biz, and they sold adjustable-waist, Velcro-belted pants), and during all

that time Tina never mentioned anything about her “gift.” As it happened, we all moved from Kona and lost track of one another—until one day when we met again on the windward side of the Big Island near Hilo.

So when Tina mentioned Lee Ching, I said that the most exciting thing I’d been doing lately was sitting in the rainforest watching the guava trees grow. If she was willing, I’d like to talk to Lee Ching. The rest, as they say, is history. From my very first meeting with Lee Ching, I knew I was in the presence of the most loving, caring Being I’d ever met. Over the next several years (until I left Hawaii to take these wondrous Intenders teachings out to the world), we held spiritual guidance sessions at the end of our weekly Intenders Circles, and I asked Lee Ching every question I could think of—all of which he answered with such wisdom, grace, and accuracy that we never wanted these sessions together to end.

Needless to say, our small circle of four grew rapidly, and, on one particular evening, Lee Ching told us that he was not exclusive to Tina—that he would “come through” me as well (now you know where my books come from). Not only that, he said he was willing to help others in our circle who also wanted to become messengers—and so it wasn’t long before Betsy was bringing through Mother Mary, Lois was bringing through White Buffalo Calf Woman, Alva was bringing through Madame Pele, et cetera. By the time I left Hawaii for California, the room was packed every Sunday night with people wanting to take part in our Intenders Circle, as well as to listen to the panel of messengers in our accompanying spiritual guidance sessions.

From our point of view, the information we received during this magical time was profound. It was way ahead of its time. In fact, we were told by our guides that it was being given to us well before the time when humanity would need it most—and when it would have its greatest impact on the peoples of the

Earth. Clearly, what with all the changes we are going through almost daily, that time is now.

The Lee Ching Messages come from the transcripts of our early Intenders spiritual guidance sessions, as well as from those of us who have done our best to integrate this wisdom into our lives since then. These gems were given to us in the Spirit of service and helpfulness, which is the same Spirit with which we offer them to you. It is our intention that you use them to help yourself through this time of great transition, to reach your highest calling in life, and to bring forth the experience of Oneness unto all who abide on this beautiful Earth.

Chapter 1

POWER WISDOM

Your world needs you now. These times of great change call upon all those who are holding the light to set an example for others by being happy and uplifted regardless of the circumstances around them. Remember that your inner poise need not be swayed by outer orchestrations, and that the mainstream consensus reality is but one reality out of an infinite number of realities you can choose to place your attention on. It is wise for you to take part in the realities that serve you and discard the ones that do not, and, in that way, instead of commiserating or becoming sorrowful, you will remain happy and shining your light for all those around you to see.

—LEE CHING

“Tony, you’re going to write books and make movies,” Lee Ching said in one of the very first spiritual guidance sessions that followed our Intenders Circles. Anyone who wanted to stay after we finished saying our intentions and gratitudes was welcome to visit with him for thirty minutes at that time.

“No way! No possible way!” I announced stubbornly. Back in those days I was a bit rougher around the edges than I am today.

He just looked lovingly into my eyes and then spoke the two words I was to become so familiar with over the next twenty years. “*You’ll see,*” he said, smiling so sweetly.

Ten books and five websites later, here I am, still amazed at what happened with the widespread popularity of our Intenders information and the words of Lee Ching that came true. Yes, I was skeptical at first; however, it didn’t take long before I began looking forward to these guidance sessions each week. In fact, his words and phrases were touching me so deeply that I began writing them down and collecting them into a file I called Power Wisdom. Perhaps, I thought, one day someone else will find them as helpful and prophetic as I do.

Here is one of the early Power Wisdom gems Lee Ching shared with us:

*At this very moment you are creating with your thoughts,
with your words, with your actions.
You are constantly creating
the world around you.*

At the time he said this, I really wasn’t sure what it meant. All I knew was that it resonated deeply within me. It wasn’t until several years later that that I was able to incorporate this beautiful piece of information into my daily life.

*Who you think you are
is only a very small part
of who you really are.*

*What you're looking for
is what you're looking with.*

*Everything you need in life
is always shown to you.
Your next step is always unveiled before you.*

*It will come to pass
that you will have a thought
and it will be there.*

Oftentimes things may be happening all around you that seem to be discordant, and you cannot imagine what is going on. But you must remain focused and steadfast and be able to see through and not get caught up in the mundane dramas that are constantly being perpetuated on this planet.

The real revolution is in consciousness.

*All of the dramas on Earth are nothing but a play
that is taking us to our awakening.*

*How silly it was that we thought
we were something less than amazing,
that we were less than immortal.
We've never been less than anything.*

The body will pass, but the soul never does.

You're creating the world you're going to enter.

*You're becoming something more than a human being.
You're becoming a Universal Being.*

*You have to believe that when something good comes to you
that all good things can come from it.*
